

To: PEIA Pathways to Wellness Worksite Coordinators

From: Nidia Henderson, PEIA Health Promotions Director

Date: March 20, 2017

As you may know, **effective June 30, 2017, the PEIA Pathways to Wellness Program will cease to exist** due to changing priorities regarding the use of agency resources.

Please be aware that the PEIA Face to Face Diabetes Program and the PEIA Weight Management Programs are unaffected by this decision and remain available to qualified members.

The agency will be issuing a Request for Proposals for wellness pilot programs which will soon be posted on the PEIA website.

If you have any questions or concerns, please feel free to contact me no later than March 31, as I will be retiring effective April 1. My contact information is 304-558-7850, ext. 52639 or

Nidia.I.Henderson@wv.gov

Thank you.
